Public Comment

Do you have general comments about the Master Plan Update that you'd like to share?

"Industrial" has been removed from Hwy 50 east at Deer Run and from there, along the Hwy 50 corridor unless the "commercial" zoning districts are going to allow some of the retail uses currently only allowed in GI, there will be a few, if not many, uses disallowed.

Rob Joiner

No master plan update adoption until Title 18 is brought along for update also.

Rob Joiner

Thank you for your input!
